Theme Details

Mythbusters!

NEW!

Have you ever wondered (but been too scared to test) what happens when you eat PopRocks and Coke? What would happen if you dropped a penny from a skyscraper? Use science to test out myths and decide: are they plausible or BUSTED? **Brownies** work toward **Home Scientist Badge** and connect to **WOW!** **Juniors** work toward **Detective Badge** and connect to **Get Moving!**

The snacks were great, the activities were fun – the girls had a great time!

Mad Scientist

Measure, pour, and mix your way into the scientific method as you experiment with chemical reactions. Play with polymers, cause color changes, and more! **Brownies** work toward **Home Scientist & Inventor Badges** and connect to **WOW!** **Juniors** connect to **Get Moving!**

Starry Skies

NEW!

Model moon phases; construct a star map, craft glowing constellations; learn about light pollution; and take a guided tour through the night sky in our planetarium. Weather permitting, use telescopes to scope out the night.
Brownies work toward **Home Scientist Badge**; **Juniors** make a connection to **Get Moving**

Girls' Night

Hang out with your friends at Discovery Center! Play in the museum, explore the park in the dark, take in the night sky in our planetarium, use a telescope (weather permitting), cook up a rainbow dinner from scratch and create your own breakfast treat!

Cadettes work toward **Night Owl** 1,2,3,4,5; and **Eating for Beauty** 1,2,3,4.

[The] staff was amazingly good - great with the kids, leading the sessions, and making science fun. Thanks for a great experience!

Mystery Crime Lab

Put on your detective hat and use forensic science to solve this case! Examine fingerprints, take apart ink, crack a code, measure footprints, and more. **Brownies** work toward **Home Scientist Badge**; **Juniors** work toward **Detective Badge**; **Cadettes** work toward **Special Agent Badge**.

Natural Disasters

Make a miniature volcano, capture a cloud, bottle a tornado, experience the hair-raising effects of lightning, boost your disaster preparedness, and witness an explosive demo!

Spooky Science

Assemble a skeleton, concoct glowing slime, dissect a real eyeball and wrap up the night with glow lights and a planetarium show. Come in costume for a spook-tacularly fun time!
