

# OCTOBER VOLUNTEER NEWSLETTER

## ***Great Balls of Fire*** **opens at Discovery Center Museum!**

There's more in outer space than stars and planets! Come explore the mysteries of comets, asteroids and meteors in Discovery Center's new temporary exhibit. Help our visitors find out where comets come from and how they are formed. Experiment with the forces that influence the path of an object through the solar system. Find out if meteor showers are caused by chunks of rocks or bits of dust. Determine if those Hollywood movie scenes are science or fiction. *Great Balls of Fire* runs September 30, 2017 through January 14, 2018! Check it out the next time you volunteer at the museum!

### UPCOMING VOLUNTEER OPPORTUNITIES

#### **Messy Monday - Marshmallow Painting**

Monday, October 9th  
11:00 am to 3:00 pm  
2nd Floor - Art Studio

Help our visitors use all shapes and sizes of marshmallows to create a whimsical painted masterpiece!

#### **Mornings of Fun**

Saturday, October 14th  
8:30 to 10:30 am  
Museum Spaces and Lunchroom

Children with disabilities and their families are invited to explore the museum before we open to the public. Volunteers help prepare and serve a healthy snack to participants.

## Spooky Science

**Friday,  
October 27th  
6:00 - 9:00 pm**

Zombies on ziplines and creepy crafts are just the beginning of this enchanting evening! Assist our guests as they sleuth through the science park in the dark, gather goodies for their treat bags, participate in pumpkin bowling and enjoy a bone tickling science show. Come in costume for this non-scary Halloween festival of fun.

Volunteer shift is 5:30 to 9:30 pm which includes set-up, event and clean-up!

Please let me know if you're able to help!

Thanks in advance,  
Sue Stevens, Volunteer Coordinator
