Museum Grand Opening June 26-27

Thanks to the generosity of individuals, schools, businesses, municipalities and foundations, Discovery Center is making final preparations to open our expansion and new exhibits in June. The Museum will increase its size by about one third, or 15,000 square feet. The expansion will include new exhibit galleries, Tot Spot expansion, classrooms, multipurpose room, outdoor courtyard and a 3,000 square-foot special events hall with catering kitchen. Discovery Center and Burpee Museum have also built a state-of-the-art 5,000 square-foot shared traveling exhibit hall. Expansion highlights include:

The new Tot Spot train is being built by local craftsman Steve Larson.

More Spots for Tots

The Tot Spot gallery is an early childhood education gateway experience. Designed to provide a stimulating and nurturing environment for play, Tot Spot supports the development of infants, toddlers and

pre-schoolers. Based on the concept that children's learning and personal growth is rooted in play, the 3,100 square foot space includes five new learning areas: "Baby Spot" where infants and toddlers can engage their senses to explore sound, texture and cause-and-effect with their caregiver; "Make It Go" featuring a train and depot; "Make It Flow" with several new water exhibits; "Make It Blow" where visitors can investigate how air lifts and carries objects; and a "Build It/Roll 'Em" featuring a crane to load materials, a truck to transport materials, a building block station, a ball hopper station and more! And finally, "Ginny's House," in memory of Ginny Dorighi, where children can role play family activities.

Agriculture Touches our Lives Every Day

Visitors to Ag-Zibit will discover that agriculture is a major industry in northern Illinois, and that agriculture is not only the source of food, but of many other products.

Ag-Zibit is designed to inform the public about the sources of their food, fiber and fuel and help them realize that science, technology, engineering and math are essential to modern agriculture.

The exhibition will contain 17 hands-on, interactive exhibits all designed to highlight the importance of modern agriculture in the 21st century. Visitors can "drive" a real tractor, operate a combine, learn how farmers use GPS, milk a cow, gather eggs from a chicken coop, identify smells of a farm, and much more.

This tractor, donated by Case IH, will soon be moved into the new Ag-Zibit gallery.

INFORMATION:

Hours

Monday – Saturday: 10 am – 5 pm

Sunday: Noon – 5 pm

Admission

Adult/Child: \$7

Children under 2 and members: FREE!

Membership

Family SuperPass Membership: \$110/year

Basic Family Membership: \$70/year

Grandpass Membership: \$70/year

(grandparents & all grandkids under 18)

Individual Membership: \$50/year

Group Rates

Discounted group rates are available for tours, classes, museum rentals, and birthday parties. Reservations required.

Our Mission

Create opportunities for joyful learning & discovery through hands-on experiences in science & art.

Discovery Center unveils new logo

As Discovery Center approaches our 30-year anniversary and prepares for the grand opening of our expansion,

we felt the timing was right for an updated look. Nadi Creative Branding Group nadicreative.com developed a new brand strategy for Discovery Center, which included updating the identity we used for more than two decades and replacing it with a contemporary visual style. We believe this style will more effectively resonate with our target audience. A public brand launch to unveil the new logo, website, brochures and signage will be scheduled to coincide with our grand opening in June. Discovery Center won Nadi's 2010 Design-for-Community contest and was awarded up to \$50,000 of free design services. Thanks, Nadi!

Youth Volunteer Opportunities

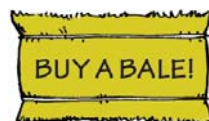

Discovery Center's Y.E.S. program (Youth Experiencing Science) is gearing up for a busy summer. This program is for youth ages 12 to 17. Scheduling is flexible to meet the needs

of the volunteers and their families. Volunteers assist with special events, help prepare materials and craft projects, and interact with museum visitors. For more information, please contact Volunteer Coordinator Lori Radean at 815-972-2839 or LoriR@discoverycentermuseum.org.

Buy a Bale

The centerpiece of Discovery Center's expansion will be a new gallery devoted to the topic of agriculture. Children will be able to milk a realistic cow, sit on a real tractor, experience what it is like to operate a combine and much more.

You can help build Ag-Zibit! When you "Buy a Bale" your name and city will be engraved on a hay bale shaped plaque lo-

cated near the entrance to the exhibition. Bales start at \$200. For more information, contact Lynn Momberger at 815-972-2834.

Family Fridays

Superheroes Assemble!

Friday and Saturday, June 18, 19; 11:00 am - 3:30 pm
Sunday, June 20; 1:00-4:00 pm

Put on your superhero costume and rev up your super powers for a day of incredible feats and amazing heroics! Lift massive objects with your super strength and use your super intellect to outwit evil villains and capture crooks. Use your super speed to dodge dangers in the obstacle course and more! Everyone's a hero today!

Grownups can play too. Capes optional.

Sponsored in part by:  **AQUA-AEROBIC SYSTEMS, INC.**
Partnering for Solutions

De-Light-ful Science

June 25; 11:00 am - 3:30 pm

Experiment with black light, capture a rainbow, construct a color viewer and more! Bounce a laser beam and make a light-catching sculpture as we explore the spectrum during this dazzlingly fun event!

Star Spangled Weekend / Kaboom!

Friday and Saturday, July 2 & 3; 11:00 am - 3:30 pm
Sunday, July 4; 1:00 pm - 4:00 pm

Spud guns, rockets, sparkles and flags! Science and art join hands for this weekend celebration. Add to the incendiary excitement with your own light and sound creations. We'll experiment with explosions, launch mini rockets and more! On July 4, leave your car parked here and take the short walk downtown to the parade and fireworks.

Jim Gill

July 9; 11:00 am - 3:30 pm
Live shows at 11:30 am & 1:30 pm

Enjoy a concert with Jim as he bangs out energetic rhythms on his banjo while you clap, jump, dance and sing along. Before or after Jim's shows, take in some sound science and silly art projects.

E-I-E-I-O

July 16;
11:00 am - 3:30 pm

Climb aboard the combine and explore life on the farm. Hold a baby barnyard animal, construct a corn husk doll, guess that grain and test your knowledge with the Wheel of Farming gameshow. And of course, you can visit our new Ag-Zibit to milk a cow, see live bees in action, measure an acre, and more!

Nature's Fury

July 23; 11:00 am - 3:30 pm

Explore the extremes of weather as you capture a tornado, get zapped by miniature lightning, and put a cloud in a jar. Construct a village that can stand up to an earthquake, model a major volcanic eruption, and check the latest info on global climate change as we take a look at natural disasters.

Festival of Flight

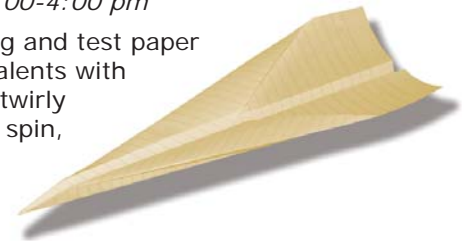

Friday and Saturday, July 30 & 31; 11:00 am - 3:30 pm
Sunday August 1; 1:00-4:00 pm

Send a rocket soaring and test paper airplanes. Try your talents with stunt gliders, trim a twirly copter for maximum spin, design a kite, and more! Don't miss the new Air and Flight gallery as part of the fun of this high-flying weekend!

Sponsored in part by:

Hamilton Sundstrand
A United Technologies Company

Chem Lab

August 6; 11:00 am - 3:30 pm

Measure, pour, and mix your way into the scientific method as you experiment with chemical reactions. Find out what puts the pull in silly putty as you become the chemist. Take apart pigments, create a crystal, make instant color changes, and more!

Sponsored in part by:

Rock Valley College
Viking Chemical Co.

Splish, Splash, Splat

August 13; 11:00 am - 3:30 pm

Bring some fruit to fuel our giant catapult. Make a squirter, dunk your favorite staff member, experiment with water balloon ballistics, and play with other messy stuff. Dress to get wet.

Events are sponsored in part by:

Tot Spot Classes

Cost: \$12 public
\$10 members

Our 2-year-old classes offer special interactive activities, so children MUST be accompanied by an adult. NO SIBLINGS, please.

Super Hero Mini-camp

Make a cape and discover your own super powers! Chemistry and creative movement, art and music, and stories and snacks mean lots of fun during this mini-camp as we use our imaginations and pretend we are super heroes!

Sessions for 3 – 6-year-olds ONLY:

3 day Mini-Camp Classes

Cost: \$33 public; \$27 members

Session 1 Tues. - Thurs.; June 15, 16, 17; 10:00 – 11:00 am

Session 2 Tues. - Thurs.; June 15, 16, 17; 1:00 – 2:00 pm

Session 3 Tues. - Thurs.; Aug. 10, 11, 12; 10:00 – 11:00 am

Session 4 Tues. - Thurs.; Aug. 10, 11, 12; 1:00 – 2:00 pm

Saturday Mini-Camp

(1-1/2 hour session)

Cost: \$21 public; \$17

Session 5 Saturday, Jun. 19; 10:00 – 11:30 am

Session 6 Saturday, Aug. 14; 10:00 – 11:30 am

Sense-sational Sharks

Dive into warm ocean waters and touch a REAL SHARK. Feel sharp shark teeth and rough sandpaper skin; chomp into a shark snack; then make a shark of your own to take home.

Sessions for 3 – 6-year-olds:

Session 1 Tues., June 22; 11:00 am – Noon

Session 2 Tues., June 22; 1:00 – 2:00 pm

Session 3 Wed., June 23; 9:30 – 10:30 am

Session 4 Wed., June 23; 11:00 am – Noon

Session 5 Thurs., June 24; 9:30 – 10:30 am

Session 6 Fri., June 25; 9:30 – 10:30 am

Session 7 Fri., June 25; 11:00 am - Noon

***No Session 8 - Join us for the Grand Opening of our new space!

Sessions for 2-year-olds:

(With an adult, NO siblings, please.)

Session 9 Tues., June 22; 9:30 – 10:30 am

Session 10 Thurs., June 24; 11:00 am – Noon

Row, Row, Row Your Boat

Play with boats and discover things that sink and float as we explore the awesome power of water. Make a big splash outdoors in Discovery Center's Rock River Discovery Park and WaterWorks exhibit. Don't forget your sunscreen!

Sessions for 3 – 6-year-olds:

Session 1 Tues., July 6; 11:00 am – Noon

Session 2 Tues., July 6; 1:00 – 2:00 pm

Session 3 Wed., July 7; 9:30 – 10:30 am

Session 4 Wed., July 7; 11:00 am – Noon

Session 5 Thurs., July 8; 9:30 – 10:30 am

Session 6 Fri., July 9; 9:30 – 10:30 am

Session 7 Fri., July 9; 11:00 am – Noon

Session 8 Sat., July 10; 10:00 – 11:00 am

Sessions for 2-year-olds:

(With an adult, NO siblings, please.)

Session 9 Tues., July 6; 9:30 – 10:30 am

Session 10 Thurs., July 8; 11:00 am – Noon

Jump, Frog, Jump!

Jump on a lily pad and explore the world of frogs. Make your own catch-a-bug frog to take home and snack on a Bag-of-Bugs.

Sessions for 3 – 6-year-olds:

Session 1 Tues., July 20; 11:00 am – Noon

Session 2 Tues., July 20; 1:00 – 2:00 pm

Session 3 Wed., July 21; 9:30 – 10:30 am

Session 4 Wed., July 21; 11:00 am – Noon

Session 5 Thurs., July 22; 9:30 – 10:30 am

Session 6 Fri., July 23; 9:30 – 10:30 am

Session 7 Fri., July 23; 11:00 am - Noon

Session 8 Sat., July 24; 10:00 – 11:00 am

Sessions for 2-year-olds:

(With an adult, NO siblings, please.)

Session 9, Tues., July 20; 9:30 – 10:30 am

Session 10, Thurs., July 22; 11:00 am – Noon

Ant-ics

Kneel down and take a close look at busy black ants. Count body parts and find the thorax! Crawl into an ant nest, build a big ant to take home and put one together to EAT!

Sessions for 3 – 6-year-olds:

Session 1 Tues., Aug. 3; 11:00 am – Noon

Session 2 Tues., Aug. 3; 1:00 – 2:00 pm

Session 3 Wed., Aug., 4; 9:30 – 10:30 am

Session 4 Wed., Aug. 4; 11:00 am – Noon

Session 5 Thurs., Aug. 5; 9:30 – 10:30 am

Session 6 Fri., Aug. 6; 9:30 – 10:30 am

Session 7 Fri., Aug. 6; 11:00 am - Noon

Session 8 Sat., Aug. 7; 10:00 – 11:00 am

Sessions for 2-year-olds:

(With an adult, NO siblings, please.)

Session 9, Tues., Aug. 3; 9:30 – 10:30 am

Session 10, Thurs., Aug. 5; 11:00 am – Noon

Summer Discovery Camps

Brand-new, this year! Discovery Center Museum will be offering fun-filled science camps for all budding scientists! Camps are open to students ages 7 and up and are offered in half-day or full-day Sessions.

July 12-16 Session 1: Rockets

Design, construct, and launch model rockets! We'll start from scratch and complete rockets you can take home!

July 12-16 Session 2: Astronomy

Explore the moon, planets and stars in this "out of this world" camp. Explore the night sky, make your own constellation finder and take in some astronaut training. Finish the week by constructing a community that could support human life somewhere in space!

July 19-23 Session 1: Girls Science 1

Girls, come explore all different types of science in this class just for you! Extract DNA from a banana, make slime from glue, dissect a cow's eye and more! Plus, see exciting Discovery Center science demos.

July 19-23 Session 2: Girls Science 2

Another Session just for girls, but with all new material! Build a model of a lung, grow your own crystals, make a barometer and more! Additional science demonstrations will be provided and you will also get to make your own flashlight!

July 26-31 Session 1: Forensics 1

Are you interested in crime solving? This class will explore the science of forensic investigation. Make a forensics tool kit, learn how to tell tire tracks apart, use a microscope to investigate different fibers and process a "crime scene" at the museum!

July 26-31 Session 2: Forensics 2

There is enough forensics for a full day! All new topics will be explored in the afternoon (morning class not required). Learn about handwriting analysis, shoe prints, finger prints and more. Solve a mock "crime" at the museum to test your investigative skills!

Camp schedule:

8:00 am – 9:00 am: Extended care*

9:00 am – 12:00 pm: Session 1

12:00 pm – 1:00 pm: Lunch/supervised free time

1:00 pm – 4:00 pm: Session 2

4:00 pm – 5:00 pm: Extended care*

Camp fees:

Session 1 OR Session 2: \$85/week

Session 1 AND Session 2: \$160/week

Session 1, 2 AND *extended care: \$180/week

Members save 10% off every camp!

Details:

All summer camp sessions are taught by qualified Discovery Center Educators. Full-day campers must bring their own lunch. It is also recommended that you send your camper with a snack each day. Campers will be provided time to explore the Discovery Center Museum, including our new expanded spaces!

Messy Mondays

Join us every Monday starting June 21 for messy fun in our Art Studio. Local artists will lead activities from 11:00 am to 3:00 pm (on an on-going basis). Messy Mondays are included with Museum admission.

June 21: Holly Blair-Cascio – Wild About Bugs

June 28: Valerie Graham – "What do you see?"
Imagine with paints

July 5: Alison Agustsson – Create a Tropical Fish

July 12: Robyn Bernd – Amazing Shrinking Art

July 19: Brooke LaBuy – That's My Pet

July 26: Brad Argyle – Play with Clay

August 2: Kim Zierke – Little Monster Puppets

August 9: Kara Rehfeldt – Spectacular Spin Art

IMSA Summer Sleuths Camp

Be on a team that searches for a solution to a real-world environmental problem! Investigate information from experts, experiments, and the Internet with help from Illinois Math and Science Academy students and guidance from local teachers. Accept this year's challenge to help shape the future.

Students entering grades 6, 7, 8 or 9

Dates: August 9 – 12, 2010

Time: 9:00 am – 3:00 pm

Cost: \$ 225

Call 815-963-6769 to register.

Partial scholarships may be available.

Buy a Brick and Help Discovery Center Grow

It's not too late to help our museum grow. Purchase a brick and you'll play a lasting role in Discovery Center's exhibit expansion.

Your brick will be located on the new terrace overlooking the Rock River. This is an opportunity to memorialize your family, company or friends.

Act today! Call us at 815-963-6769.

Grand Opening Schedule

It's going to be a jam-packed weekend for our Grand Opening celebration. Mark your calendars for June 26-27.

Here are a few details:

Saturday, June 26

9:00 am – 10:00 am:
Member Preview

10:00 am – 5:00 pm:
Public Grand Opening

11:00 am – 3:00 pm:
Face Painting

2:00 – 4:00 pm:
Product Samples, while they last,
courtesy of Agriculture
Industry Producer Groups.

Sunday, June 27

Noon – 5:00 pm:
Public Grand Opening

1:30 pm – 4:00 pm:
Ice Cream Social

2:00 pm – 4:00 pm:
Dixieland Docs live jazz

Door Prizes and other Special Surprises
all Weekend!

Summer Teacher Workshops

Rocket Science

June 14-17, 8:00 am to 3:30 pm

Grades 3-12; \$35; CPDU Hours: 26; Graduate credit 2 hours
Eligible for Science Endorsement

Design, construct, and launch solid fuel model rockets and take your science teaching to new heights – literally! In this course, you will build 3 different rockets: two of which you will make completely from scratch. Go home with a complete launch system and the knowhow needed to bring this exciting activity to your students. Topics include: safety, physics, construction techniques, material selection, guidance and recovery systems, data collection and presentation, and resources.

Astronomy One-Oh-Fun

June 21-24; 8:00 am to 3:30 pm

Grades 3-12; \$35; CPDU Hours: 26; Graduate credit 2 hours

Build and use the astronomy tools to study stars. Use daytime techniques to learn about the night sky. Topics include stellar evolution, constellations, planets, sun, moon, star maps, telescopes, tools of the trade, space exploration and resources. Plus, we supply enough materials for you to repeat these activities with your class.

Introduction to Nanotechnology

June 28-29, 8:00 am to 3:30 pm

Grades 3-12; \$15; CPDU Hours: 13; Graduate credit 1 hour

Examine science at the nanoscale: even smaller than microscopic. Illustrate the changes in properties and interactions as things get smaller using models as well as actual nano-scale applications. Explore nature-based nano-scale marvels and their engineered technological counterparts, from stain-resistant clothing to medicine. Go home with the materials and knowledge you need to bring nano to your students!

StarLab Basics: Mechanics

August 4; 8:30 am to 11:30 am

Grades K-12; \$5; CPDU Hours: 3

StarLab is an inflatable portable planetarium system. This training will cover the set-up and take-down of the planetarium dome, mechanics of the projection system, equipment maintenance, StarLab resources, planet positions, moon phases, and overview of the night sky. This training is required before renting the StarLab from KIDS.

Discovery Center Museum has birthday parties down to a science!

Our fun-filled, hassle-free parties begin at just \$100 for Non-members and \$90 for Members and include invitations, cupcakes, punch, exploration time in the Museum and more! Special activity and pizza parties are available for additional fees.

Call us at 815.963.6769 to reserve your child's party or for additional information.

Grants & Gifts News

As of November 19, 2009 – May 13, 2010

We thank the following donors for their generous support of Discovery Center exhibits, events, educational programs, and operations.

Tot Spot Exhibit Sponsors

Wheels by RT - \$15,000
Woodward Company - \$6,000
Pepsi Cola - \$2,500
AMCORE Foundation - \$2,500
The Home Depot Foundation - \$2,000
Papa John's - \$1,000
Dorigli Family - \$1,000

Tile Painting Event with Artist Lisa Frost!

Would your little Picasso love to paint a tile masterpiece, then have it permanently displayed in one of the country's top ranked children's museums, and do it alongside his (or her) favorite local artist? You betcha!

Discovery Center Museum is pleased to announce that Lisa Frost will lead a "Tile Painting Event" for children. Tiles painted by children will become a permanent wall mural that will be located near the new classrooms.

This exciting event will be held on Thursday, August 5 and Saturday, August 7, 2010. There will be FIVE separate artistic sessions per day and reservations will be required. Each child may participate for \$35 and only 200 spots will be available.

This event is open to the general public, so encourage all your friends who have children to participate. Participating children must be between the ages of 5 and 12 (no exceptions). Each child will paint and autograph two tiles, in case one is cracked or damaged.

While parents will not be permitted to participate in the artistic session with their children, they are encouraged to support, smile and snap photos! Each session will last 45 minutes and the tiles will become the property of Discovery Center. You may also sponsor a child to participate as long as they are between the ages of 5 and 12 years.

Reserve your spot today by calling Discovery Center Museum at 815-953-6769.

Dates: Thursday, August 5 and Saturday, August 7

Cost: \$35 per child

Ages: 5-12

Sessions:
(Each class limited to 20 students)

1. 9:00 am – 9:45 am
2. 10:00 am – 10:45 am
3. 11:00 am – 11:45 am
4. Noon – 12:45 pm
5. 1:00 pm – 1:45 pm

Tom and Rosemary Muldowney enjoy a glass of wine at Discovery Center's winetasting event in March at Ciao Bella. The event grossed almost \$6,000. A big thank you to the Discovery Center Auxiliary and Nick Castrogiovanni for their hard work. It was a delicious success!

Discovery Center Auxiliary

Our Discovery Center Auxiliary offers creative and fulfilling volunteer opportunities for adults. Become a partner in our annual fund-raising events and educational programs and help support the museum's educational work in the community. You can contribute just a few hours a year or many hours every month. Your work on the auxiliary will help provide important educational programs and learning opportunities for thousands of children every year.

For more information on the Discovery Center Auxiliary, contact Volunteer Coordinator Lori Radean at 815-972-2839 or email LoriR@discoverycentermuseum.org

Grossology coming this Fall

Sometimes it's stinky. Sometimes it's crusty. And sometimes it's slimy. Explore why your body produces mushy, oozy, crusty, scaly and stinky gunk at *Grossology: The (Impolite) Science of the Human Body* opening Saturday, October 2 through January 2, 2011 at Discovery Center's new shared exhibition gallery, Woodward Exhibit Hall.

Based on the best-selling book *Grossology*, this exhibit uses sophisticated animatronics and imaginative exhibits to tell you the good, the bad and the downright ugly about runny noses, body odor and other unmentionables. Book your school field trip or scout outing soon!
